Warsaw, September 22-23, 2022

Fourth Biennial Conference on New Dimensions of Monetary Policy

Call for papers

Narodowy Bank Polski (NBP) in cooperation with the Bank of Lithuania and the Central Bank Research Association's *Inflation: Drivers & Dynamics* Program (CEBRA IDD) is organising a conference to discuss current issues in the area of monetary economics. The topics to be covered during the conference include, but are not limited to:

- Macroeconomic implications of new monetary policy strategies
- Monetary policy in models with heterogeneous agents
- Implications of structural changes for monetary policy
- Monetary policy and bounded rationality of economic agents
- Distributional effects of conventional and unconventional monetary policy
- International spillovers of monetary policy
- Monetary-fiscal interactions
- Exchange rate regimes and economic adjustment
- Inflation in the post-pandemic world
- Platformification of finance

Keynote speakers:

Alberto Cavallo (Harvard Business School)

Ricardo Reis (London School of Economics and Political Science)

Important dates:

Papers submission deadline: 3 May 2022 (6 p.m. GMT)
